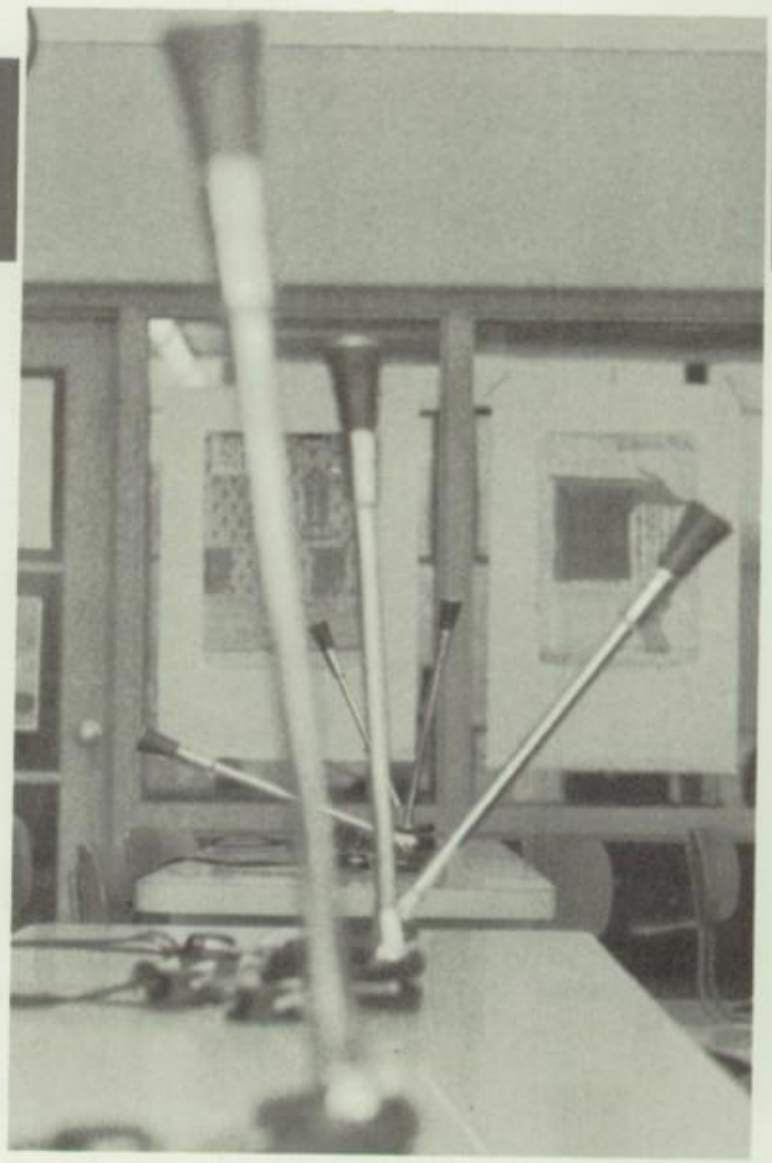
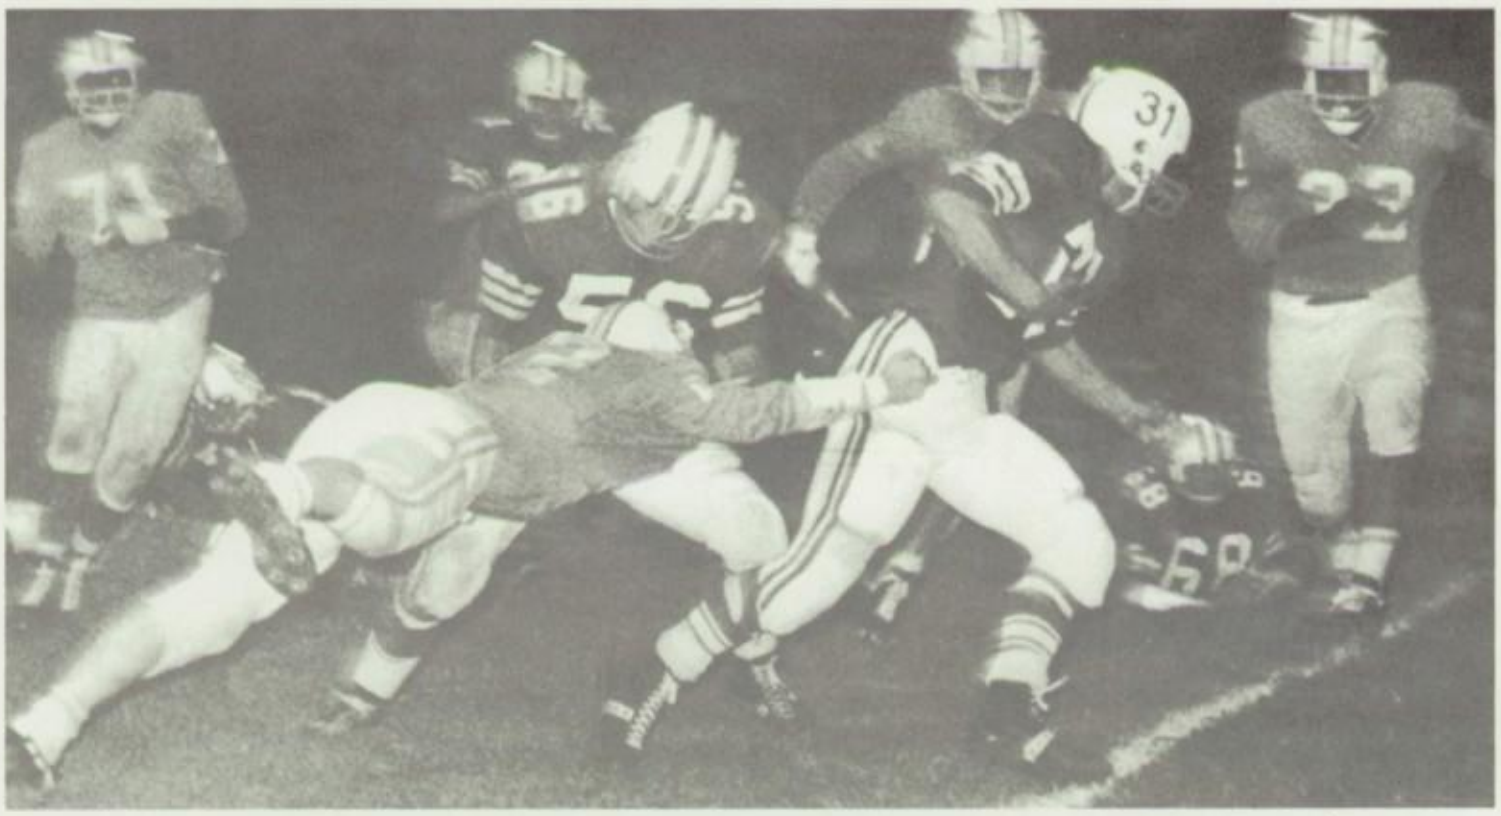
The Story of Kenston; Straight and on the Line

(pix.--Herald)

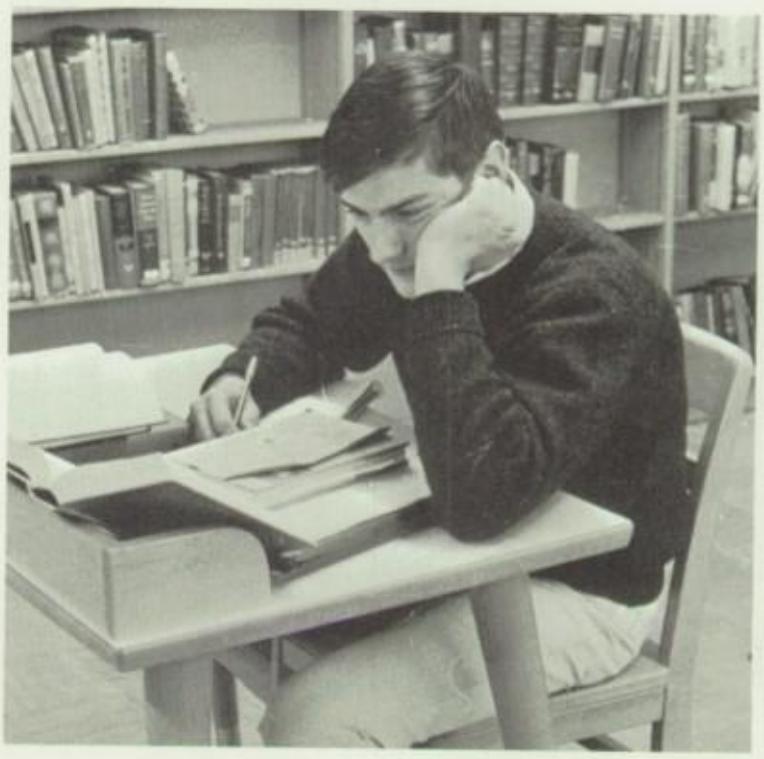


Kenston from All Angles:



(pix C. Herald)

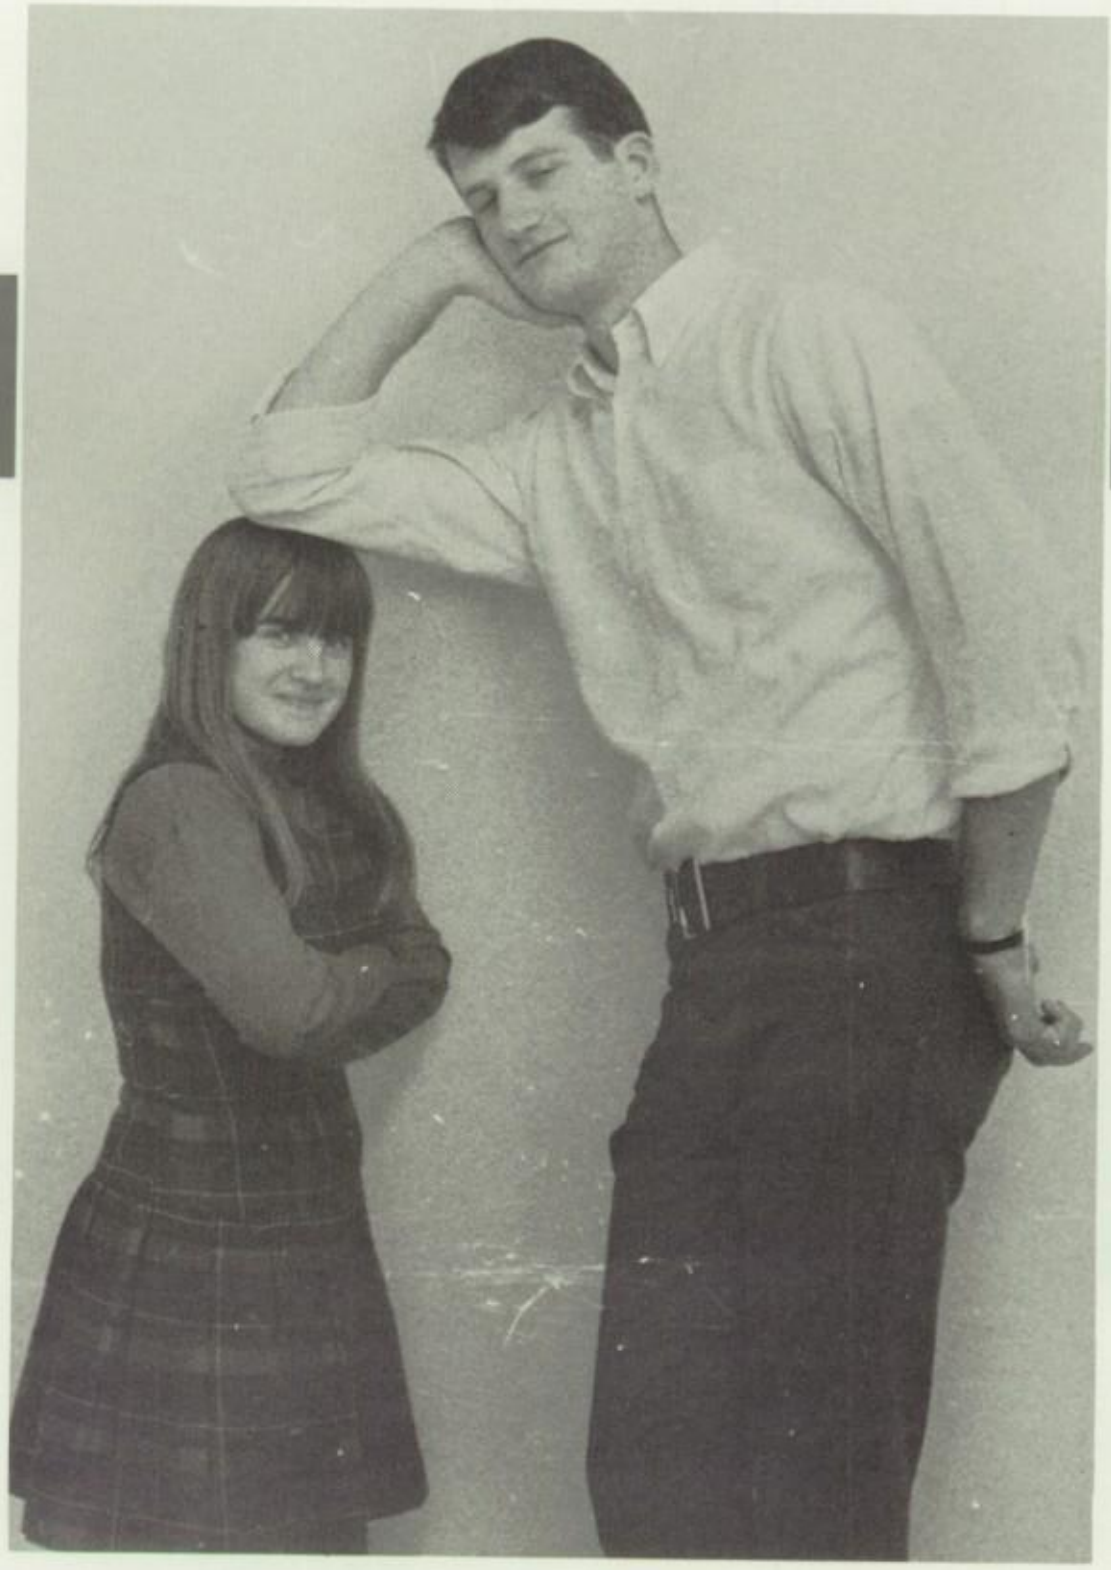
The Straight and Narrow Line of Scholarship . . .



and Opportunities in Extracurricular Activities.

Height . . .

Kenston . . .



Width . . .

Is a Point with Four Dimensions:

Depth . . .

and Life.

THIS IS KENSTON—ON THE LINE.

Like all lines it has a portion behind it and a portion ahead of it. The lives of the faculty and students emerge for one year to form Kenston 1966-67, then the seniors leave and go in all different directions. New freshman come and the line continues, but it will never be the same as in 1966-67. Although it is impossible to see to the end of the line, Kenston has a definite direction and purpose. It is the job of the student to use the faculty and facilities Kenston provides during the short segment of his life line which is spent there to prepare for the huge segment of his life which lies ahead.

SENIOR BANQUET

The senior banquet marked the beginning of the end for the seniors.

It was the first of a series of activities that led up to graduation.

Juniors provided entertainment and service and the senior brought the food.

The class will and prophecy were read and the advisors laughed harder than the students. The senior banquet has been established as a tradition at Kenston.

Varsity Football Team

The Kenston football line-up was a bit out of line this year. Although the record is unimpressive, the statistics showed up much better than the scores. Highlights of the season were the Homecoming victory over Twinsburg, the Nordonia game, and the scare we gave Solon. Co-Captains Dex Constant and Jeff Male attributed the poor season to injuries to key players and a shortage of participants. Several underclassmen played well in varsity games and add a hopeful note for next year.

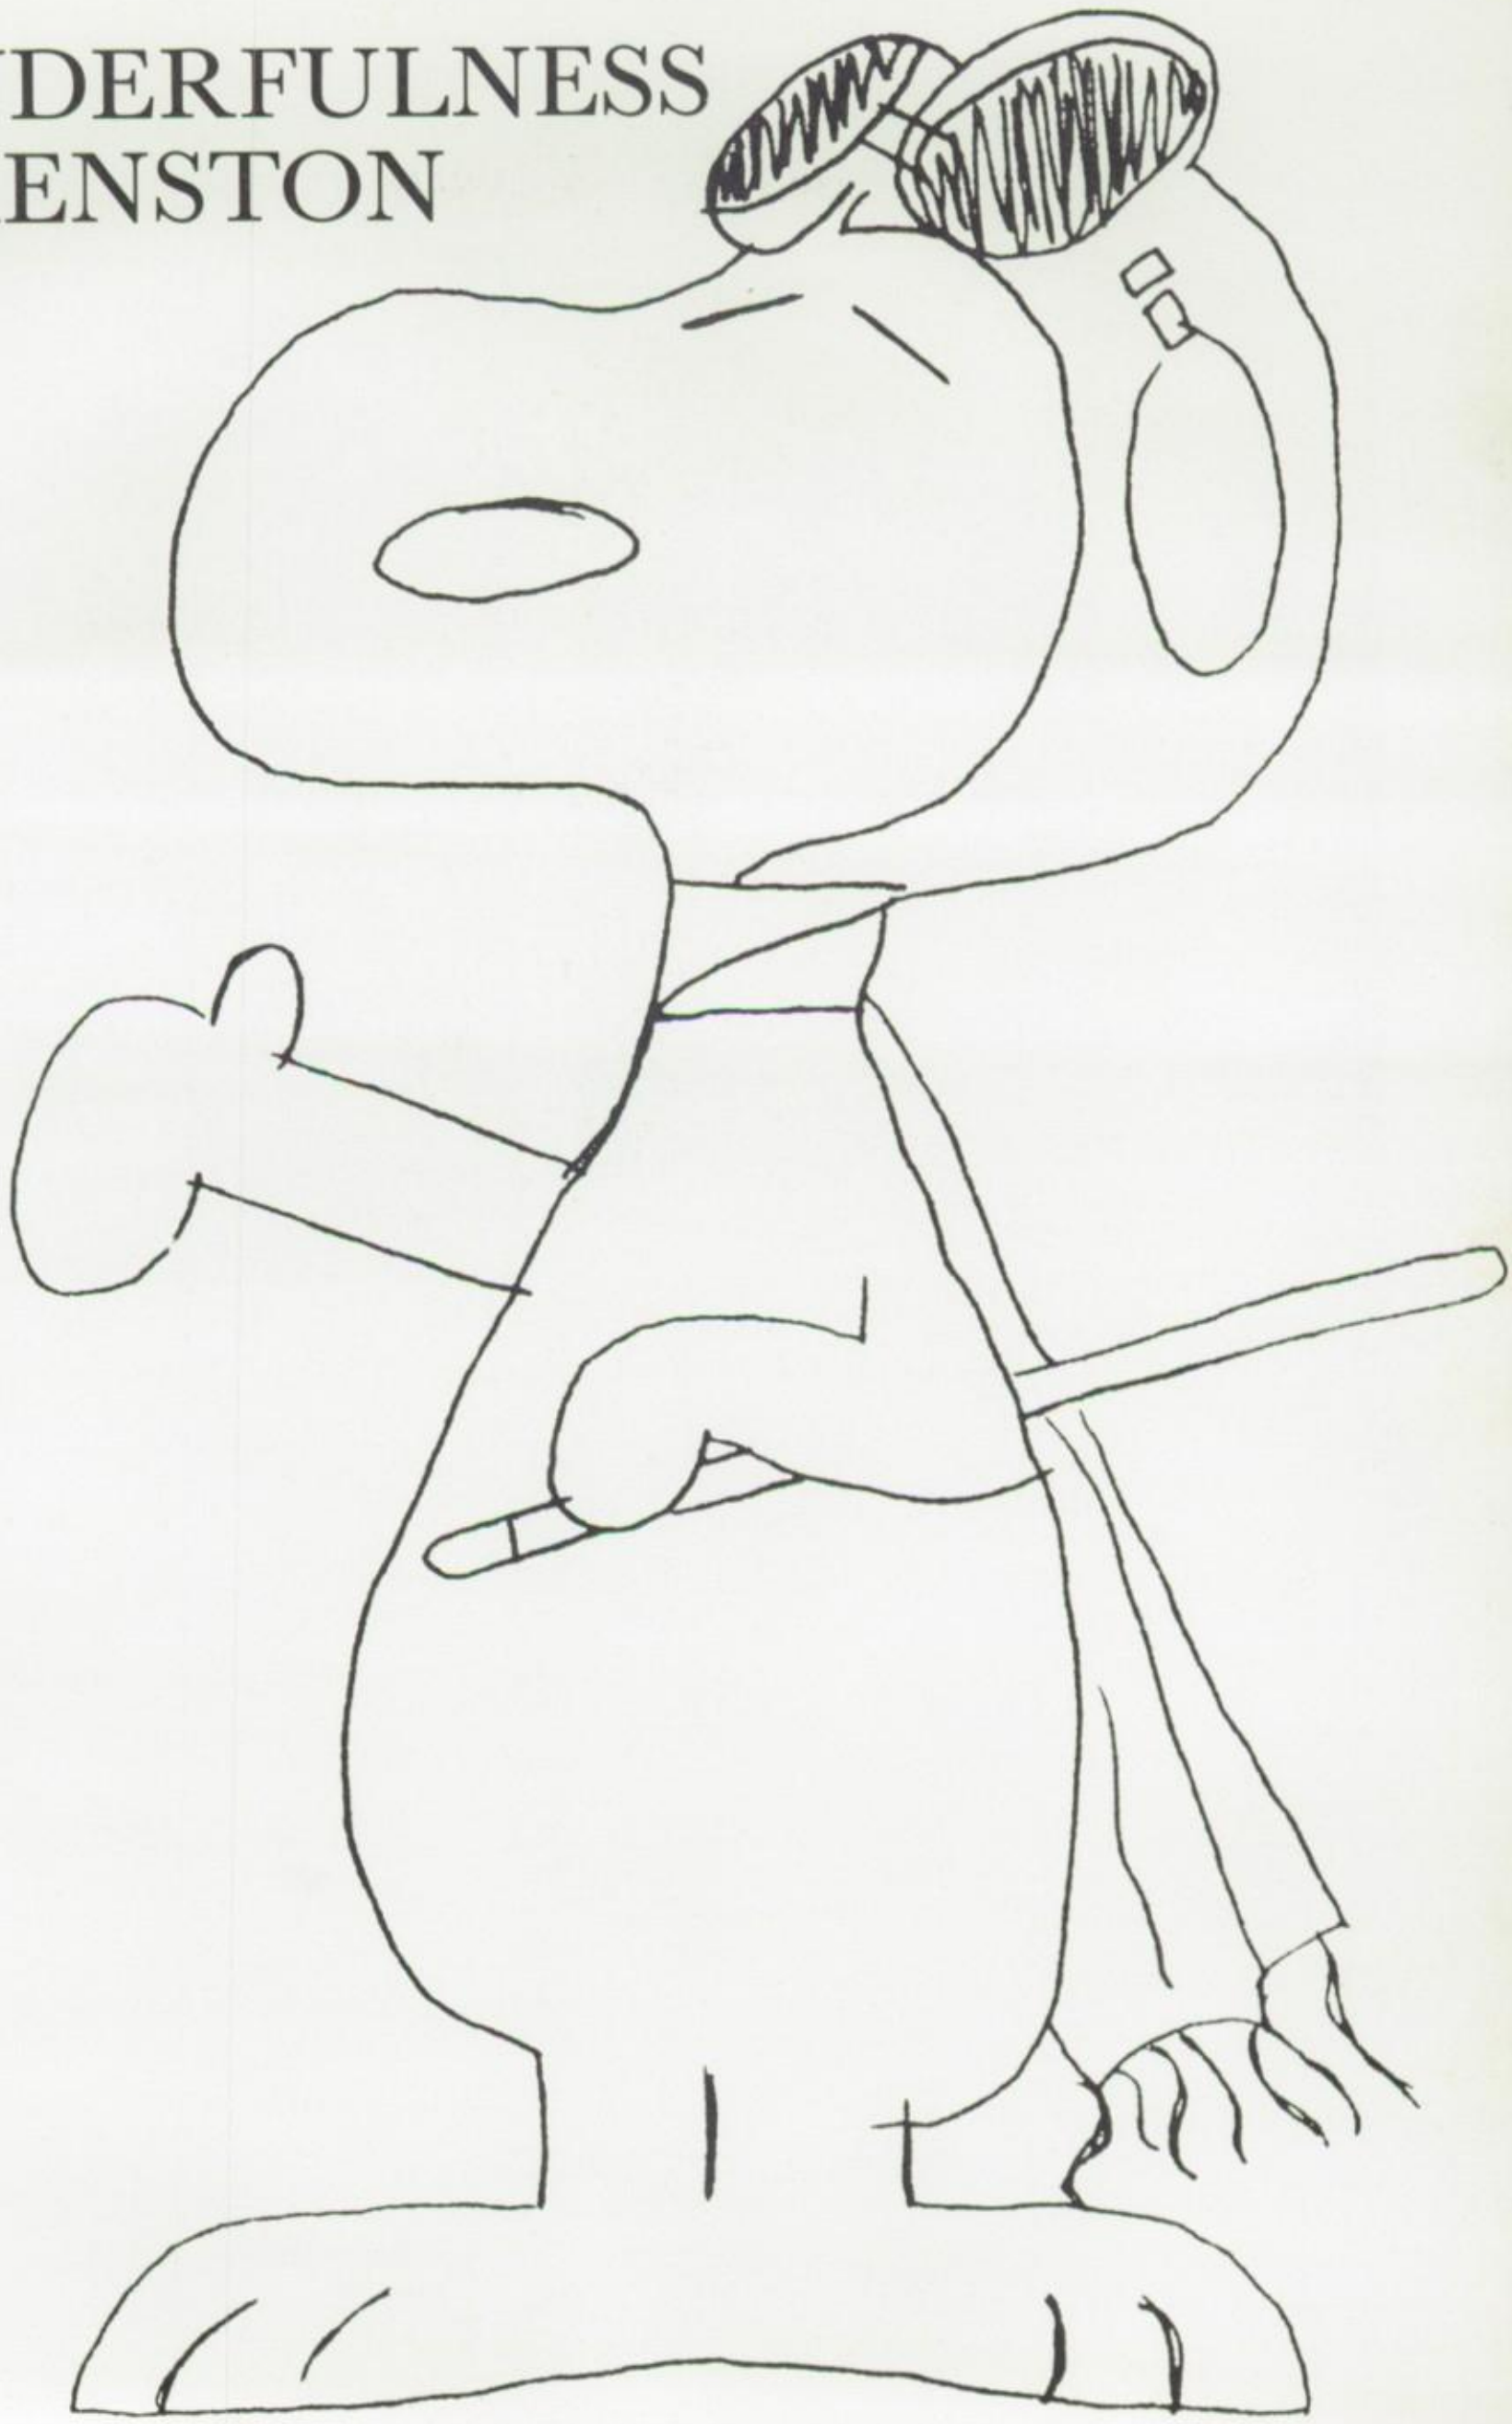
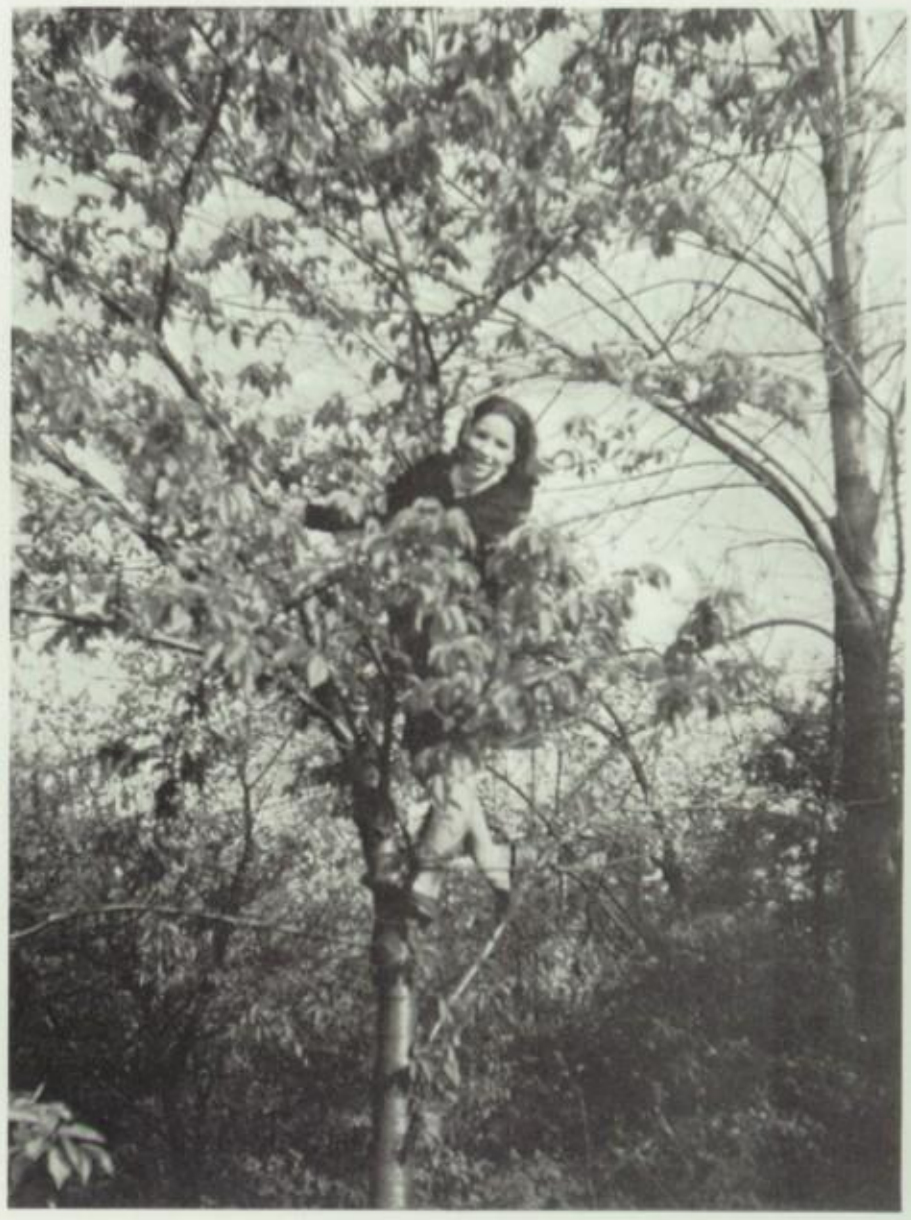
THE WONDERFULNESS OF KENSTON



"The yearbook is finally finished!" "As layout editor of the yearbook, I would like to thank all the people of the Kenstonian for their efforts. Mr. Robinson has especially been helpful in taking the pictures and I would like to thank him for his time and his many efforts."

Deb Critzer



Sara Terhune

Karen McConnell (Copy)

The yearbook staff has followed the precedent established for all yearbook staffs and has produced a yearbook. This year, however; we did not start with nothing. We started with less than nothing and worked our way out of an inherited debt. This required tremendous effort on the part of the advertising staff. This year's approach to the yearbook has been different, too. For the first time we have a theme which we have carried throughout the book. The photographers, copy writers, and layout department have had to work together to see that the theme is maintained. We hope to leave future staffs a sound budget and a good yearbook.

Clubs are designed to give height and depth to school life so that the total effect is no longer a line, but an expanded circle of interests.

Late in summer Karin Hansen arrived from Norway to spend the year at Kenston. The membership drive was very successful. The adult chapter sponsored a dinner to raise funds and other clubs in the school contributed money during AFS week. The money will be used to finance next year's AFS students. The club made a collection of slides of activities at Kenston to send to Karin's school in Norway and to Jana Siman in South Africa.
